There are some ministers that have felt that there is much focus on the beast and its image and finally the mark of the beast. That is the Catholic Church uniting with the State, and the Evangelicals making a copy of that union in the United States. It has been said that too much is made of men like Kenneth Copeland and Rodney Howarde Browne and their desire to teach righteousness using the government.

Robert Jeffress and many of Trumps advisors are saying schools should be teaching the ten commandments.

Obviously their Sabbath would be the one that is well known as Rome's mark.

“Of course the Catholic Church claims that **the change [Saturday Sabbath to Sunday] was her act...** And **the act is a mark of her** ecclesiastical authority in religious things” (H.F. Thomas, Chancellor of Cardinal Gibbons)

These advisors such as Copeland, Browne, and Jeffress are calling for a union of church and state.

If we truly are to teach the third angels

message, then would this be an important part of it? What does the third angels message have to do with?

“And the third angel followed them, saying with a loud voice, If any man worship **the beast** and **his image**, and receive **his mark** in his forehead, or in his hand, The same shall drink of the wine of the wrath of God, which is poured out without mixture into the cup of his indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb: And the smoke of their torment ascendeth up for ever and ever: and **they have no rest** day nor night, who worship **the beast** and **his image**, and whosoever receiveth **the mark** of his name.” (Revelation 14:9-11)

Answer: A beast, an image, and a mark, and we are to give a warning concerning these issues. But as you read the following, you'll notice that leading men are counteracting these efforts.

“The peculiar work of the third angel has not been seen in its importance. God meant that **His people should be far in advance** of the position which they occupy today. But now, **when the time has come for them to spring into action, they have the preparation to make.** When the National Reformers began to urge measures to restrict

religious liberty, **our leading men should have been alive to the situation and should have labored earnestly to counteract these efforts.** It is not in the order of God that **light has been kept from our people**—the very present truth which they needed for this time. **Not all our ministers who are giving the third angel's message really understand what constitutes that message. The National Reform movement has been regarded by some as of so little importance that they have not thought it necessary to give much attention to it** and have even felt that in so doing they would be giving time to questions distinct from the third angel's message. **May the Lord forgive our brethren for thus interpreting the very message for this time.**" [5T 714.2]

"Light has been kept from our people" in this time. We are being told that many do not understand the third angels message. And that is why we here silence on these matters. But God's warning is to be given and many need to be ready for the conflict.

In other words if you read that quote carefully these ministers are saying "Don't talk about the national Sunday Reform movements that are taking place, don't talk about Trump, Pence, and their evangelical advisers which are advising a change in the constitution, we need to focus on Jesus and his love." We are told that our "leading men" should be laboring "earnestly to counteract these efforts."

We are to understand about God's love, but we are also to understand the principles behind these movements, that they are completely contrary to the Spirit of God. And furthermore that God has a warning to give us, but also for us to give. That is when we have that Spirit.

It is wonderful to preach love, but we are to be understanding with regards to the current trend of events. "Those who place themselves under God's control, to be led and guided by him, **will catch the steady trend of the events ordained by him to take place.**" [RH August 5, 1902, par. 17]

A large part of the final warning has to do with a beast, the image to the beast, and the mark of the beast. Forgive our brethren for concealing the true issue as it is making its way in darkness. May God's glory lighten them up. (Rev 18:1)

"May the Lord forgive our brethren for thus interpreting the very message for this time." [5T 714.2]

CLIMATE JUSTICE SUNDAY LAWS AND A NEW CATHOLIC FINANCIAL SYSTEM

On June 6th, 2018 the release of Pope Francis' environmental encyclical was commemorated. It was revealed on an official European Union website that not only is there an agenda by the United nations to bring in a Sustainable Development Agenda that would help to save the trees, fish and the birds, but on this European Union website the headline was that they were commemorating the release of this encyclical with the headline announcement **"First Laudato Si' Reflection Day Catholics in support of a sustainable financial system"**.

No Man Might Buy or Sell

The issue of a Sunday Law is being agitated at the same time. The Salvation Army Church recently published a page on their website called ["A Call For Climate Justice"](#) and on this page we are told of what can be done to save the environment. Notice:

"Keep the Sabbath: It could be the most radical thing a church can do for environmental stewardship—to commit to keeping the Sabbath... Spending time with family and friends and enjoying the free outdoors is an act of resistance to the pressures of materialism and consumerism." Churches coming together to enforce the Papal Sabbath?

Should they keep the Sabbath, which to them is Sunday, there would be less buying and selling, thus preventing people from polluting. Perhaps the idea is to enforce "Environmental JUSTICE" using State power to enforce Sunday laws.

This isn't hard to figure out when

we understand Bible Prophecy. Things are coming to pass just as God told us they would. In fact, the United Nations are seeking to enforce a "U.N

[Environmental Sabbath Program."](#)

That's right, you can google that term and find many websites promoting this agenda. They are going to use Sunday laws to save the birds. And they will limit buying and selling on those who refuse to go along with the system.

History is merely repeating itself. That is why God told us "Babylon is fallen, is fallen" ([Revelation 14:8](#)) She, that is the church falls or is "judged" ([Rev 17:1, 18:2](#)) because of her "fornication with the kings of the earth." ([Rev 17:2, 18:3](#)) And there is a call to "come out of her" when she does this, and not be "partaker of her sins" ([Rev 18:4](#)) A loud Cry ([Rev 18:1](#)) Or else we should "receive of her plagues" ([Rev 18:4](#)) Which if we understand what is happening right now and what is coming, the world is certainly not going to continue on in the way that it is going. The food barely has any nutrients, it is hard to get water that isn't polluted. Jesus is coming soon.

Recently laws were made in Poland forbidding certain buying and selling on Sunday which the Christian Broadcasting Network has called a "[return to the Bible](#)". Pope Francis last week met with Morawiecki, Prime Minister of Poland and in that discussion mentioned the following: "The good existing bilateral relations between the Holy See and Poland were emphasized, as well as the [fruitful collaboration between the Church and the State](#) in their respective spheres of action,"

Yes, Church and State is collaborating just as they did during the dark ages. And many American Presidents understood why Church and State was to remain separate.

Thomas Jefferson said "Erecting the wall of separation between the Church and the State is absolutely essential in a free society."

Yet Donald Trump who seems to be towing the Catholic line wants to break down the wall of separation of church and State as he has "[vowed to close the gap between church and state](#)" and also vowed to give power back to the church. He has said he "[wants to give great power back to the church.](#)" Perhaps because he does not understand history, nor does he understand what is necessary in order to maintain a free society, he does not understand that it is absolutely essential to keep the church and state separated.

Recently house [speaker Paul Ryan](#) said he sees "this tremendous opportunity for Catholics to lead" and "help bring our culture and our country closer to their great moral potential."

Moral law enforced by civil power, rather than civil power enforcing only civil law, and letting God be the moral justice enforcer.

And this all fits with the message of [Revelation 13](#) and [17](#). [Revelation 17](#) depicting a woman (the Papal church) riding a beast with ten horns. (State, United Nations). This beast she is riding being "scarlet" is none other than the dragon of [Revelation 12](#) who gives its power and SEAT to the first beast of [Revelation 13:2](#). This State POWER was given for 42 months, and finally in 1798 this power was taken from General Berthier of France. ([See our study on the antichrist](#))

After its power was removed, this deadly wound would be healed on this beast, the Papal church with State power was to be healed. This church and state union was to be replicated in the United States which came up out of the earth and made an image of the first beast, the Papacy. And they would exercise the same church and state power. ([See our Study on the United States in Prophecy](#))

And then the mark of the beast would be enforced by the State in America, and worldwide. The mark of the Papacy that is being Sunday.

"Protestants do not realize that by observing Sunday, they accept the authority of the spokesperson of the Church, the Pope" (Our Sunday Visitor, February 5, 1950).

"Of course the Catholic Church claims that the change [Saturday Sabbath to Sunday] was her act... And **the act is a mark of her ecclesiastical authority** in religious things" (H.F. Thomas, Chancellor of Cardinal Gibbons)

"Sunday is our mark of authority... the church is above the Bible, and this transference of Sabbath observance is proof of that fact" (Catholic Record of London, Ontario Sept 1, 1923) ([See our study on the mark of the Beast](#))

These things are being fulfilled rapidly, and time is passing away, be sure to be standing on the right side by the power of the grace of God recognizing the character and spirit shed through the cross of Jesus Christ and accepting it as your own. Be sure also to subscribe for more updates and share these with your friends and family as we are seeing the last events in Bible Prophecy fulfill before our very eyes.

We were blessed to be invited to the Philippines last month by our friends the Agisbits. We visited two different areas,

Cadiz City and Illigan City. In Cadiz city there was a planned crusade where Dean Ferrell was asked to give 8 presentations. Our brother Charles also shared some health presentations as well. I was also asked to give a few presentations

including one on the mark of the beast, as well as spiritualism which were very well received. I was able to hand out thousands of Bible study tracts to the people and we also met some who wanted to do the Bible work there that we would like to help support who are wanting to share studies and help others grow in understanding of the third angels message. It was a real blessing to see all the smiling faces of the children. They were so thankful for anything and everything, always so friendly and loving.

We went out door to door letting people know about the crusade, and it was such a different

We were also able to give away many gifts to the people

such as rice, slippers, towels, pencils, school bags and also Bibles. In Illigan city a brother had scheduled several meetings with opposing views on the Godhead, Feasts, Round and Flat Earth, and Lunar Sabbath in opposition to the weekly Sabbath.

All of these presentations were recorded. The first one is up on the Youtube channel already and some are still going up as we speak. All of them went very well, and were very well received. It was found that some of these issues were not Biblical, such as the Trinity and the Lunar Sabbath, and that there was much light to keeping feasts in the New Testament. We also concluded that the Flat Earth was not a reality.

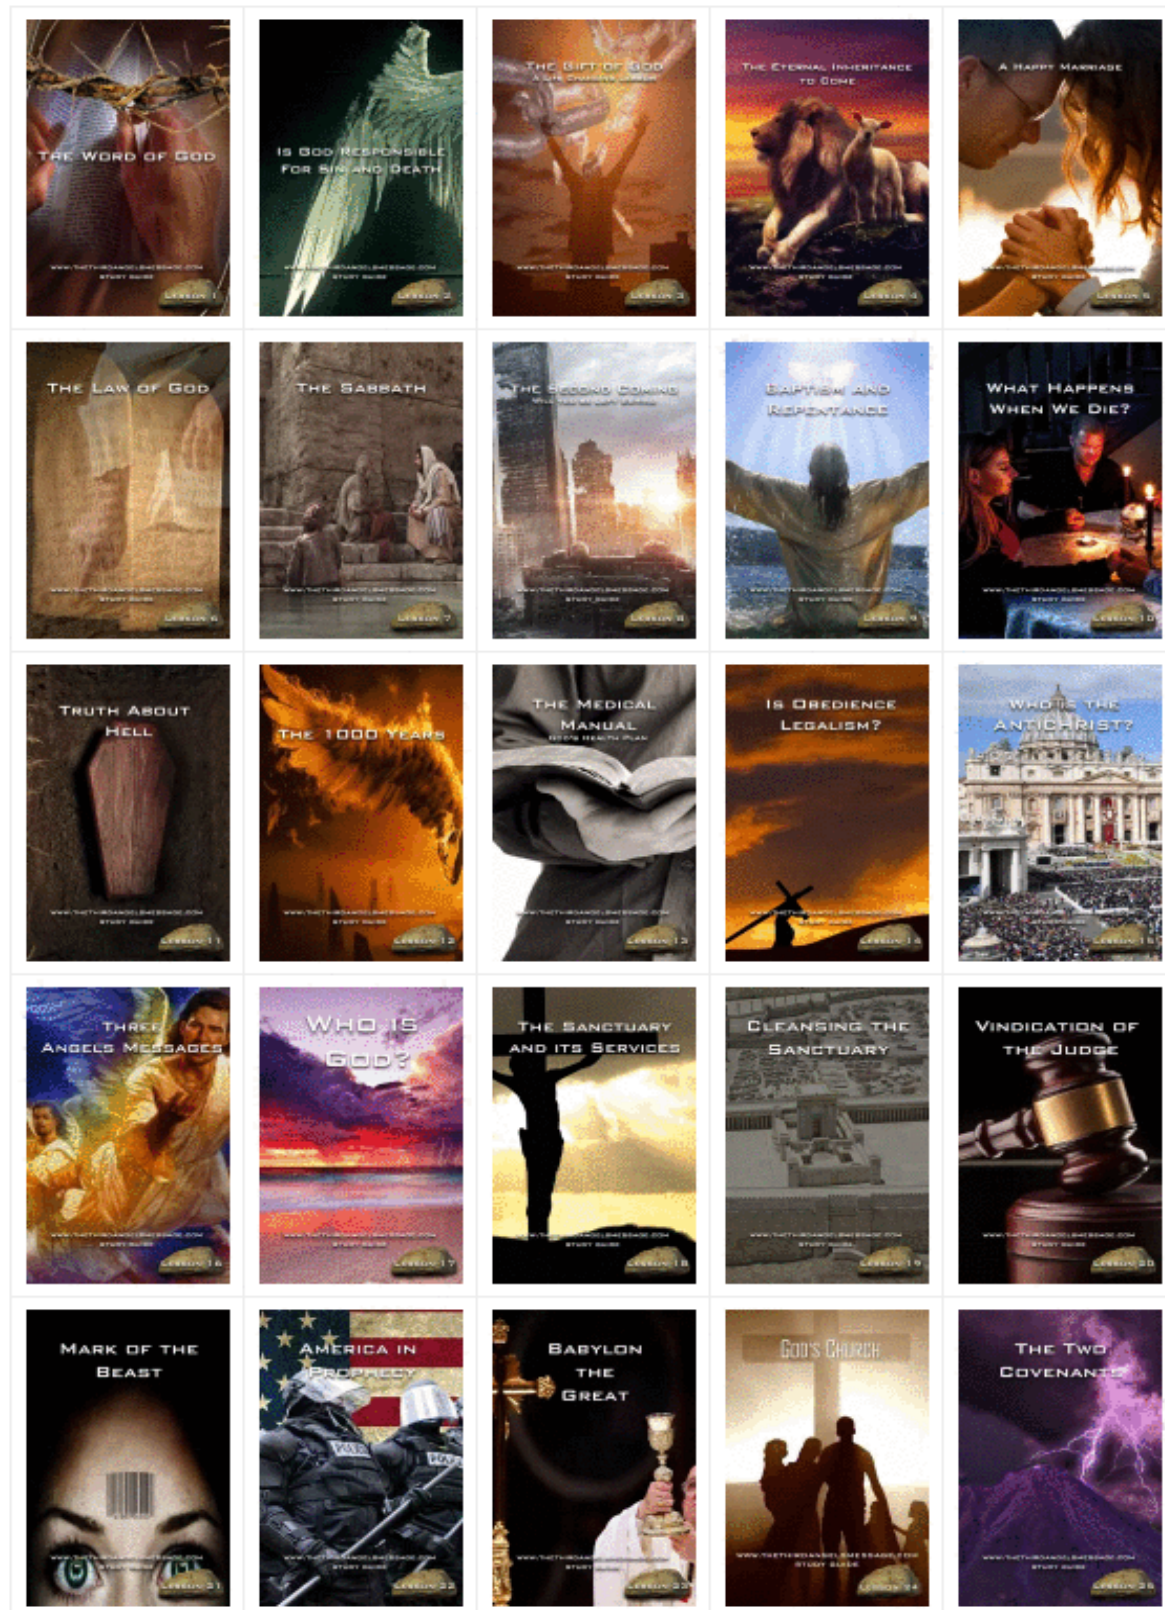

We met other like minded believers in Illigan City and we were able to give them the rest of our booklets to hand out which they were so excited about. It was truly a blessed

trip, and we were invited back by several people. God willing we can help continue a work out there. We are very thankful to those who helped support this trip. Especially to the Agisbit family who paid for the tickets. We were so blessed by everyone there, and thankful for the help in getting the messages out to the people. I have been personally invited back to do a crusade when we can. God willing if time permits we will be able to go there again soon.

Recently we have been able to purchase a very economical laser jet printer, and we've been able to print our Bible study sets for people which are now finished. Any improvements or recommendations are always welcome. If you'd like a set of them to strengthen your faith or want to share them with other people, we can mail them out to you. Recommended donation including shipping to America is about \$20.00. Other countries can cost a lot more, but we can do it. If you would like numerous sets we are happy to make them for a much cheaper cost. Make all cheques payable to David Barron.

If you can't afford it and would like a set anyway, we will give you a set. Or if you would like to help our ministry in any other way, all donations are welcome and help us to continue the work that God gave us to do.
