The modern media purge, shutting down the presses, and eliminate the alternative media. This was done during the dark ages, and it is being done again today.

Things are really heating up. Donald Trump headlined the news this month saying "You know, if **you go out and you want to buy groceries, you need a picture on a card, you need ID**," Trump continued. "You go out and you want to buy anything, you need ID and you need your picture." ([Trump claims you need ID to buy groceries](https://www.cnn.com/2018/08/01/politics/trump-grocery-shopping-id/index.html) <https://www.cnn.com/2018/08/01/politics/trump-grocery-shopping-id/index.html>)

I'm not sure if Trump thinks we are living in NAZI Germany, but to be honest, it isn't true YET. We don't need ID to buy groceries, however many grocery stores today are giving out cards, and the moves toward a cashless society are being made. In America by 2020 we are told that "every air traveler will need a REAL ID-compliant license, or another acceptable form of identification, for domestic air travel." ([Countdown to REAL ID Card](http://www.ncsl.org/research/transportation/countdown-to-real-id.aspx) <http://www.ncsl.org/research/transportation/countdown-to-real-id.aspx>)

And I've documented recently several

articles talking about the [new financial system where buying and selling will be restricted](#). <https://www.thethirdangelsmessage.com/climate-justice>

The Bible has told us that the time would come "that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name." (Rev 13:17) Furthermore, the Bible tells us that this beast has an image that will enforce that mark and that "as many as would not worship the image of the beast **should be killed**." (Rev 13:15) And so there is a purge coming. And one of the ways in which this will happen is by complete control of the economy.

purge definition:

An **abrupt or violent removal of a group of people** from an organization or place.

synonyms:removal, expulsion, ejection, exclusion, eviction, dismissal, sacking, ousting, eradication  
"the purge of dissidents"

#### How Will This Purge Come to Pass

A recent article was written entitled "[The Vatican Is Wooing Silicon Valley. And the tech sector is flirting back.](https://www.theatlantic.com/)" <https://www.theatlantic.com/>

[technology/archive/2018/03/vatican-hackathon/555365/](https://technology/archive/2018/03/vatican-hackathon/555365/)

First who or what is Silicon Valley for those who don't know? Silicon Valley is a place in California where much of the technology and electronics are built. Most electronic conductors are made of silicon. The idea of the article is to say that the Papacy is trying to gain control of much of the internet and media through "wooing" and "flirting", perhaps in an effort to marry the Papacy to it.

And so as during the dark ages they want to control the "printing presses". So today the same is happening. The article shockingly documents the following:

"...it's been argued the Catholic Church was actually the Silicon Valley of the Middle Ages."

And furthermore in [another article](#) we read:

"In case you think this Vatican Hackathon is an unusual invention," he said, "let me just mention that **we Jesuits**, Dominicans, and Franciscans and others embraced the printing press in the 16th century and did much the same with it as we're hoping to do with technology today."

<https://www.vaticannews.va/en/vatican-city/news/2018-03/first-vatican-hackathon-seeks-solutions-to-real-problems.html>

Wow. So they want to do the same with technology today as they did during the dark ages. For those who are not familiar with the Jesuits and the Spanish Inquisition, what they

did during those days was actually use the press to weaken the power of, and to even persecute and destroy Protestants and reformers.

So again, what are they hoping to accomplish today? Well, they want to silence the voices of those who might use the press to destroy and weaken the power of the Papacy. They have to control the press, they have to control the media. In order to do this, they need to change the constitution.

### Fake News and the First Amendment

The first amendment protects three very important aspects of freedom among other things.

1. Free Speech
2. Your Rights to Worship
3. Your Right to Publish your views

For those familiar with history, you already understand that the Papacy and the Vatican have for years

stood against the constitution of the United States and have labelled "liberty of conscience" as a most "pestilential error", a pest of all pests it is to them. The First amendment declares:

"Congress shall make no law respecting

**an establishment of religion**, or prohibiting the free exercise thereof; or **abridging the freedom of speech**,

or **of the press**; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

No laws are to be made concerning the freedom of speech. Any law about hate speech or what not is completely "UN-constitutional". No law is to be

made in respect to a religion, no religious liberty orders signed into law, whether telling people when to have days or hours of fasting or prayer, the constitution

is the law of the land, and it already gives religious liberty. Furthermore, the freedom of the press. The first amendment forbids any law concerning fake news.

### Trump and Fake News

Donald Trump has certainly been the target of many news articles attacking him lately. And it has created an uproar among the people. Trump has declared a war on fake news calling it "the enemy of the people." A slogan used by Hitler, Stalin, Mao and other dictators. And it certainly is. However, why is fake news an "enemy to the people"? This may be a shocking revelation to some, but it is because those who are calling for laws to be made concerning fake news media will soon have their cry granted and their first amendment rights stripped from them.

Did I say soon? How soon? ITS HAPPENING NOW.

### Alex Jones Deleted From YouTube, Facebook, Twitter

Let me first state that I am no fan of Alex Jones. At times I have found informative information on his site,

however, I will be very clear, I am not a fan. But what has recently happened to his media outlet Infowars should alarm us all. About 5 months ago, Mike Adams who has been a guest host on the Alex Jones show and is very popular in the alternative natural health world, had his channel deleted from YouTube.

Now before I go on, these people made millions of dollars on YouTube, and used this media to educate the public concerning issues such as 9/11 and other conspiracies that have taken place that were covered up by the government and elite groups. Alex Jones channel had a very large platform and was reaching millions and was a channel on YouTube with thousands of videos.

When Mike Adams channel was deleted, this was almost a test to see how people would react and it passed on fairly silently without much protest. But now they deleted Alex Jones channel, and not only that but banned him from Facebook, Twitter and several other multimedia websites. They also took down his website infowars.com and have really destroyed his website so that it will not show up in search engines.

This is probably the big take down, and thousands more are to have their rights to these modern printing presses taken away.

I did a video a while back about fake news and the Papacy. If you haven't seen it, you need to. You can see that video [HERE](#)

<https://www.youtube.com/watch?v=FeaFxIsb8Dg&t>

In the video I describe how Pope Francis had become a victim of a fake news story and in one of those fake news stories on the web the article said that "the Pope was told by God to change the ten commandments." Though the story was fabricated, and

it is from a fake news website. We have to wonder who has created these sites that all seem to be coming out of nowhere. Snopes.com has come out and told us that the story concerning Pope Francis is fake news. And rightly so. However, it seems snopes.com didn't give the entire story. Most times they do, but strangely, this one didn't have much info concerning it. In this case they didn't give us any history.

Perhaps because the editor of Snopes.com has described herself as "openly left-leaning" liberal. She trashed the Tea Party as "teahadists." Basically likening them as terrorists and has called

Bill Clinton "one of our greatest" presidents.

Snopes has also been caught omitting information when facts are contrary to their political leanings.

Read more: <http://dailycaller.com/2016/06/17/fact-checking-snopes-websites-political-fact-checker-is-just-a-failed-liberal-blogger/#ixzz4flbCgSub>

And now Facebook and Snopes have decided to team up together to stop what they deem to be fake news by censoring websites that may produce fake news.

Now why is all of this important to understand? Well, as those who know Bible prophecy, we are told in the book of Daniel that the man of sin mentioned in the book of Daniel 7 has to do with the Papacy. And in verse 25 we are told that "**he thinks to change times and laws**".

Historic documentation from the Catholic Church themselves tells us that the Papacy has done this very thing. Quoting from their own lips we read:

"We observe Sunday instead of Saturday because the Catholic Church in the Council of Laodicea (364 AD) transferred the solemnity from Saturday to Sunday." (The Converts Catechism, Peter Giermann, page 50. This catechism received the pope's blessing on January 25, 1910)

"Sunday is a Catholic institution, and its claims to observance can be defended only on Catholic principles... From beginning to end of Scripture

there is not a single passage that warrants the transfer of weekly public worship from the last day of the week to the first." (The Catholic Press, Sydney, Australia, August, 1900)

"Protestants... accept Sunday rather than Saturday as the day for public worship after the Catholic Church made the change... But the Protestant mind does not seem to realize that in observing Sunday, they are accepting

the authority of the spokesman for the church, the Pope.”  
(Our Sunday Visitor, February 5, 1950)

You see, and websites like Snopes.com leave out this part of the story, and the part about what happened during the dark ages as well and all the Christian persecution, the martyrs.

See, there is an information purge taking place right now, and I'm certain they will be part of it. And most of the information coming out of these left leaning sites has a bias, but so does the right and most of the conservative sites. Sometimes these politicians play both sides very well. It's like entertainment wrestling, they beat each other to a pulp, then go out to the bar together and drink beer in the evening because in real life they are all good friends putting on a show. You see even Alex Jones was supporting a man like Donald Trump. But Trump wants to purge some of the media because it is fake news. Well, Alex Jones seemed to be the main aim in order to begin

this purge.

No the best way to stop fake news and keep your freedom, is to stop buying, sharing, or promoting it. Not to make laws outlawing it. BUT, as with the fall of the Republic of Rome, so also the United States constitutional Republic must fall resulting in an image of the Papacy, and a repeat of the same history. “Babylon is fallen,... (Not Once)...is fallen(But Twice)” (Revelation 14:8)

“Those who forget their history are doomed to repeat it.”

And so the people of God are soon to be plunged into the most troubous time this world has ever seen, and there will be but a few who will truly stand on the platform of God's word against this beast and his image. May we all be truly searching the word as never before, and claiming the promises of God as we enter into the closing scenes together. DB
