## GRETA THUNBERG STORMS AMERICA

By DAVID BARRON [WWW.THETHIRDANGELSMESSAGE.COM](http://WWW.THETHIRDANGELSMESSAGE.COM)

As Hurricane Dorian gets ready to slam into Florida, it seems that upon the north eastern shore of the United States Hurricane Thunberg is come, that is the young Greta Thunberg the sixteen year old climate activist who seems to have swept the world by STORM.

In her visit to America she says she has a message for President Donald Trump, that is to “look at the science.” That if we don’t check what we are doing and change our way of living, that we will create for ourselves an un-livable environment.

I do remember around the time I was in Grade 8, which was back in 1989, my teacher was a science teacher, and I remember we were being taught two very prominent teachings almost every day. The first thing we were being taught was the theory of “evolution” though at times it was taught as “fact” rather than theory that we came from a soup several billion years ago. And the soup came from absolutely nothing. I was taught that I was going to die soon and go back to the soup where I came from, and that I would apparently make good worm food.

I came to understand that there were tons of scientific facts that actually discounted the theory of evolution, and that evolution was being used to press an agenda. As we were all being taught evolution in school, many of us were never taught a sense of value. The Bible says you aren’t just worm food that “ye are bought with a price.” (1 Cor 6:20)

Now, please don’t stop reading because you don’t believe in God, I’ve been there, and I know what this is about, that there is a higher agenda here that many are not seeing. Evolution can seem like truth, how can we question the scientists who have been trained in this for so many years.

Let me say something: I DIDN’T QUESTION MY SCIENCE TEACHER OR HIS SOURCES

NOW.. WATCH

The second theory we were being told about every day in school by our science teacher was the theory of Global Warming. In 1989 stuff like the following was being given to us every day. Notice what it says:

AP News June 29, 1989 “A senior U.N. environmental official says entire nations could be wiped off the face of the Earth by rising sea levels if the global warming trend is not reversed by the year 2000.

Coastal flooding and crop failures would create an exodus of “eco- refugees,” threatening political chaos, said Noel Brown, director of the New York office of the U.N. Environment Program, or UNEP.

He said governments have a 10-year window of opportunity to solve the greenhouse effect before it goes beyond human control.

As the warming melts polar icecaps, ocean levels will rise by up to three feet, enough to cover the Maldives and other flat island nations, Brown told The Associated Press in an interview on Wednesday.”

I remember not wanting to see the year 2000, I remember being told that I was going to fry, I remember the fear that was in my heart, and truly in my heart I felt like something needed

to be done to change the course of this world, and I was wondering what I could do to change it.

I remember thinking "OUR HOUSE IS ON FIRE". I remember thinking we have less than 11 years to turn this around. I remember thinking the science has spoken, what else needs to be said?

Yeah, that was what we were being fed in our schools in 1989. What about Greta coming to the United States and telling us today that "Our House is on fire" and she is in line with the likes of Pope Francis, Bernie Sanders, Leonardo DiCaprio, Alexandria Cortez, Nancy Pelosi among many others.

Interestingly today I've come to understand how this movement today was predicted and is all fulfilling the final events of Bible Prophecy. You see firstly, Jesus told us the following:

"And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring; Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken." (Luke 21:25, 26)

Jesus knew this was coming, he knew the hearts of men would be afraid of things happening on this earth, hurricanes, fires, Tsunamis, fish dying in masses, birds falling from the sky. It's all in there: "Therefore shall the land mourn, and every one that dwelleth therein shall languish, with the beasts of the field, and with the fowls of heaven; yea, the fishes of the sea also shall be taken away." (Hosea 4:3)

And what is the agenda? Well, Bernie Sanders said after meeting Pope Francis that

we need a "new moral economy." And this is definitely part of the agenda as we will come to. The Bible predicted that "no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name." (Revelation 13:16)

Yeah, we'll come back to this as we continue. It was only recently that Greta Thunberg met with Pope Francis and received encouraging words to continue in the track that she was on sadly. And the picture that made so many waves was a picture of Greta holding a sign with Pope Francis saying "Join the Climate Strike."

The word "strike" hit a chord with me. I've been of a Seventh-day Adventist Background and very serious student of Bible Prophecy, I've come to understand that over a hundred years ago a woman by the name of Ellen G. White prophesied coming strikes.

"Through the working of trusts, and **the results of labor unions and strikes**, the conditions of life in the city are constantly becoming more and more difficult. Serious troubles are before us; and for many families removal from the cities will become a necessity. The physical surroundings in the cities are often a peril to health. The constant liability to contact with disease, the prevalence of foul air, impure water, impure food, the crowded, dark, unhealthful dwellings, are some of the many evils to be met. (Ministry of Healing Page 365)

Now I like to prove things from the Bible and the Bible alone, it is a book that I've come to have utmost confidence in. It explains itself

for instance, the Bible tells us of the "mark of the beast" and many have felt that some man was to come along with a mark. But the Bible explains what a beast is. In the book of Daniel there is a description of four beasts, a lion, bear, leopard and a diverse beast with 10 horns.

And Daniel is given the interpretation when he was told "the fourth beast shall be the fourth kingdom upon the earth." (Daniel 7:23)

The Bible tells us what Kingdom the lion was

as well. "The King of Babylon...shall come up like a lion." (Jeremiah 50:43, 44) And Daniel 5 tells us the next Kingdom, the bear was the Medes and Persians Kingdom. Following this Alexander the Great conquered the world through Greece. And his Kingdom was divided and eventually fell to the Romans. And finally the Romans were divided into 10 parts.

1. Lion = Babylon
2. Bear = Medo-Persia
3. Leopard = Greece
4. Diverse Beast = Rome
5. 10 Horns = Divided Rome

And the 10 horns would have been what resulted after Rome's fall in the early third century. I've quickly shared some of what is in Daniel 7. For a more thorough study on this see the following link. <https://thethirdangelsmessage.com/bible-study-series/15-who-is-the-antichrist.php>

### Fridays For Future (FFF) Climate Strikes

But I want to get to where this is going, and we'll come back to this prophecy in Daniel 7 and Revelation 13 in a second, you see right now there is a movement that started about 1 year ago when Greta Thunberg skipped school to protest climate change outside the parliament building. Within a month she is joined by fellow students, teachers, and parents to protest, and by November there were 17,000 students worldwide in 24

countries striking from school every Friday.

But that was only the beginning. By March of 2019 Greta was nominated for a Nobel Peace Prize and was now being followed by over 2 million fellow protestors striking for the climate. On August 14<sup>th</sup>, 2019 when she set sail for the United States there were almost 3.6 Million Climate Strikers every Friday.

### Where is this Going According to Bible Prophecy? Sunday Rest.

In Daniel 7 we were told of the fourth kingdom Rome being divided and then a little horn that would think to change times and laws.

Dan 7:24-25 And the ten horns out of this kingdom are ten kings that shall arise: and another shall rise after them; and he shall be diverse from the first, and he shall subdue three kings. And he shall speak great words against the most High, and shall wear out the saints of the most High, **and think to change times and laws: and they shall be given into his hand until a time and times and the dividing of time.**

There are so many points to notice here and I am limited in space, but furthermore, minds today are limited in attention so I will dwell on some main points. A horn is a king as we read, and the little horn would be a little kingdom. The Vatican is dubbed the “smallest country in the world” at .44 km of square land. But it has been one of the most influential with respect to times and laws the world has ever known. The entire calendar went from using the moon every month to a different system, thus the names of Caesars are invoked in the calendar July(Julius Caesar) August (Augustus Caesar) etc.

Furthermore, the day of the worship of the sun came from Rome. It is written in their own Catechism that they have even thought to change God’s Holy Sabbath.

Q. Why do we observe Sunday instead of Saturday?

A. We observe Sunday instead of Saturday because the Catholic Church transferred the solemnity from Saturday to Sunday.” [ The Convert’s Catechism of Catholic Doctrine, 1951 printing, page 50. ]

### Sundays For the Future

Not only did the Vatican fulfill the prophecy of Daniel 7 regarding changing God’s times and laws, the church is also guilty of persecuting God’s people for over a thousand years. The “times, time and half a time” is actually the same time prophecy mentioned in Revelation 13 where the beast with “ten horns” rules for “forty and two months.” (Revelation 13:5)

The Beast in Revelation 13 is the Papacy. And this beast is to enforce a mark worldwide. Notice what the Papacy claims to be its mark.

“Of course the Catholic Church claims that the change was her act. It could not have been otherwise, as none in those days would have dreamed of doing anything, in matters spiritual, ecclesiastical and religious without her.

**This act is a mark of her ecclesiastical power** and authority in religious matters.”(Extract from a letter written by the Chancellor of Cardinal Gibbons (November 11, 1895).

Now how does this relate to the climate agenda:

We’ve been told that labor strikes are coming. We’ve seen the school strikes. Women also proclaiming “birth strikes” refusing to have children because of the constant fear in their heart of what they would bring children into.

“The time is fast coming when the controlling power of the labor unions will be very oppressive.”— (EGW 2SM 141)

Labor strikes... And according to the International Labor Organization, the goal is “Reintegrate Sunday protection into EU law.” (COMECE Future of Work Page 34)

This is no joke, this is a document of collaborators working together for both the European Union as well as the United Nations to decide our Future. This is from a collaboration called “The Future of Work”. And so Greta may be striking on

Fridays for the Future, but these workers unions are going to call eventually for Sunday for the Future.

You see we are told in the Catholic Catechism that “In respecting religious liberty and the common good of all, Christians should seek recognition of Sundays and the Church’s holy days as legal holidays.” (Catechism of the Catholic Church, #2188)

A day that they admit is not Biblical, but rather is set up by men in contrast to the day God wrote in stone. The Sabbath which falls on Saturday. The Bible tell us “I am the LORD, I change not.” (Malachi 3:6) So who came up with the idea that something that He wrote with His own finger in stone was changed? The Papacy.

Now they not only keep that day, but they want it enforced legally. And it will come. Why? Because of climate disasters. You see we were also told over 100 years ago how Sunday laws would come. And this is as prophetic as it gets. Ellen White wrote this in the book “The Great Controversy”.

“Satan works through the elements also to garner his harvest of unprepared souls. He has studied the secrets of the

laboratories of nature, and he uses all his power to control the elements as far as God allows. ..While appearing to the children of men as a great physician who can heal all their maladies, he will bring disease and disaster, until populous cities are reduced to ruin and desolation. Even now he is at work. **In accidents and calamities by sea and by land, in great conflagrations, in fierce tornadoes and terrific hailstorms, in tempests, floods, cyclones, tidal waves, and earthquakes, in every place and in a thousand forms, Satan is exercising his power. He sweeps**

away the ripening harvest, and famine and distress follow. He imparts to the air a deadly taint, and thousands perish by the pestilence. These visitations are to become more and more frequent and disastrous. Destruction will be upon both man and beast. "The earth mourneth and fadeth away," "the haughty people ... do languish. The earth also is defiled under the inhabitants thereof; because **they have transgressed the laws, changed the ordinance, broken the everlasting covenant.**" Isaiah 24:4, 5.

And then the great deceiver will persuade men that those who serve God are causing these evils. The class that have provoked the displeasure of Heaven will charge all their troubles upon those whose obedience to God's commandments is a perpetual reproof to transgressors. **It will be declared that men are offending God by the violation of the Sunday sabbath; that this sin has brought calamities which will not cease until Sunday observance shall be strictly enforced.**" (Great Controversy pages 589, 590)

Please read the rest of the story. Go to the book and open it. Because it is now the front page news of today. Things are coming to pass in this book over the last 5

years that many could never see coming, that many would have denied unless they seen it. But its here, makings its way in darkness to the multitudes, and millions are being led to accepting the mark of the beast.

You don't have to keep it to accept it, accepting it merely means to go along with it. You see labor laws will soon be made, and those laws will say that no man might buy or sell, that is trade without going along

with the mark of the beast. Your protests will soon be unwelcome.

We have yet to see it all come, and there is time to realize that God's word can be trusted, it is telling us these things before they come to pass. God's merciful hand is waiting for us to take hold of it. Let us pray for Greta Thunberg and those who are going along with this agenda so blindly. May our Father have mercy on their souls. – DB.

# HEALTH TIP - CHEESE AND THE TEMPLE OF GOD

How does milk become cheese? Back in the days when I used to drink milk I remember one time pouring milk into my cereal bowl and instead of a nice clear stream of white creamy milk there were little chunks plopping onto my cereal. After taking a look at the carton, I realized that the milk was a few weeks over its expiration date. The milk was bad.

And this is what is used to make cheese. Basically when milk sits for a long time, it begins to curdle. This is caused by bacteria or mold living in the milk and digesting the milk, and then releasing their doo-doo, yes their excrement or dung as the Bible terms it into the milk producing a very odorous and stinky liquid. The longer it is left,

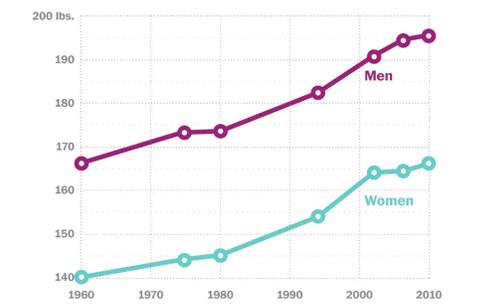

the harder it becomes, this process is called aging or curdling. Some have thought that hard cheeses were healthier than soft cheeses, however, this is a lie, the effect cheese has on the body whether hard or soft is evident to most who would ingest it.

Now the way the milk looks can depend on numerous things such as what the animal that produced it was fed, or what kind of bacteria is used to culture it.

Cheese is known for causing constipation which often leads to colon cancer and other diseases. It has also been linked to diabetes as well as heart problems. Babies fed milk often suffer from constipation because this process of "aging" takes place in their colons

## Americans get heavier.

from drinking the milk and sometimes it can be a work to get the colon back in working order.

But there are numerous cases where people by discarding dairy and meat products are experiencing excellent health benefits and many who have truly turned back to God's plan for their

health and get closer to the original plan for man are having numerous diseases disappear into thin air. And some of these people feel great.

The Bible says in Leviticus 14:43-46 that we are to tear down a house if it has a mold issue. And this is the same for God's house. What about moldy milk? Is it possible the principle may apply?

The Bible says "know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?" (1 Cor 6:19) However, due to lack of knowledge and understanding many of us have brought upon ourselves disease and obesity.

In 1960 the average weight of an American man was 165 pounds, and the average weight of an American woman was 140 pounds. In 2010 the average weight of a man was 196 pounds and the woman was now the same size as the man in 1960 at 165 pounds average weight. In 2019 it has only gotten worse.

The Bible says: "My people are destroyed for lack of knowledge: because thou hast rejected knowledge." (Hosea 4:6) It further says they have "forgotten the law" (same verse) The opposite of forgetting is to "Remember...the law" (Mal 4:4-6) God has a message for his people today which includes cleansing his tabernacle. (Mal 3:1-3, Daniel 8:14, Rev 14:6, 7, 2 Cor 6:14-7:1) His house. And the Bible tells us "whose house are ye." (Hebrews 3:6)

In the book of Leviticus God gave a message to His people for that time. In Chapter 11 God gave the people health statutes which included abstaining from many different kinds of unclean foods. In Chapter 18 he told us how that even these laws were meant for those who lived in the land before them.

Lev 18:24 Defile not ye yourselves in any of these things: for **in all these the nations are defiled** which I cast out before you:

The nations? Before Israel? I've been told that these laws were only for the Jews after they came into the land. Seems the nations should have been keeping them too. Another word for nations is the term "gentiles" In other words, these statutes weren't just for the Jews as many have come to believe. They were for all the nations, and had the other nations kept these the land would not have cast them out.

Lev 18:26-28 Ye shall therefore keep my statutes and my judgments, and shall not commit any of these abominations; neither any of your own nation, nor any stranger that sojourneth among you: (For all **these abominations have the men of the land done, which were before you, and the land is defiled;**) That the land **spue not you out also**, when ye defile it, as it spued out the nations that were before you.

The Judgment is that those who refuse to keep his statutes would be "spued out." Interestingly there are seven churches in the book of Revelation chapters 2 and 3. The last church's name is Laodicea which means "Church of Judgment." And the judgement on that church is that it would be "spued out."

Rev 3:16 So then because thou art lukewarm, and neither cold nor hot, **I will spue thee out** of my mouth.

It should be very interesting to note that these statutes and judgments are meant for all people throughout all time. The Father of course who is without sin will cast the last stone. (Rev 16:21)

But the early church after the cross was to "abstain from blood and things strangled." (Acts 15:20)

Milk from the store today also has to be pasteurized because it's 150 times more contaminated than most fresh milk with blood, pus, bacteria and fecal matter. Would God have His house cleansed from these things today. Especially in light of the world being in the shape that it is in? It is round world in more ways than one some might say. Does God want His house to be in the same shape? Or does He desire His Temple to shine reflecting the glory?

This is why Paul said: "Touch not the unclean thing... Having therefore these promises, dearly beloved, let us cleanse ourselves from all filthiness of the flesh and spirit, perfecting holiness in the fear of God." (2 Cor 6:17, 7:1)

Cheese was never meant to be a food, it was discovered by accident and it is truly deleterious to our health. If we want clean bodies and clear minds and we want to help others have the same and to teach others to be free from disease, the Father has shown us much evidence of how this food is health destroying and also many alternatives we can try that are life preserving rather than life destroying.- DB
